To lend support and aid to victims of the earthquake in Haiti, Timeshare Relief, Inc announced that it is organizing an employee-matched contribution effort for the Nourish the Children initiative involved with Haitian disaster relief. Timeshare Relief wishes to continue to demonstrate its commitment to make a significant difference not only for timeshare owners, but also in the lives of those in the local community and around the world.

"In times like these it's so important to get involved and act quickly to help those who need it," said Cindy Martin, Timeshare Relief co-founder and Vice President. "The Haitian people are going through turmoil that we cannot even begin to imagine, and making this donation to Nourish the Children is the least we could do. Nourish the Children is an outstanding initiative and we fully support their efforts to lend aid in this time of tragedy."

Nourish the Children provides VitaMeal to starving children around the world. VitaMeal is specifically formulated to meet the needs of malnourished children. Each \$22 donation provides a month of nutritious food for one child. The goal is to provide as many meals to as many hungry children as possible.

Timeshare Relief is matching the donations made by company employees. "Our employees have expressed their concern for the people of Haiti, and we are very pleased to be in a position to assist in the global relief effort," said Marcus Gillette, Senior VP of Timeshare Relief, Inc.

"We are providing thousands of meals and provide much needed relief to children in need," explained Gillette. "This is going to require a sustained humanitarian effort from all of us who can give, and Timeshare Relief will be here to do our part to aid in the rescue and rebuilding process."
